"Catholic schools provide young people with sound Church teaching through a broad-based curriculum, where faith and culture are intertwined in all areas of a school's life. By equipping our young people with a sound education, rooted in the Gospel message, the Person of Jesus Christ, and rich in the cherished traditions and liturgical practices of our faith, we ensure that they have the foundation to live morally and uprightly in our complex modern world. "

Renewing our Commitment to Catholic Elementary and Secondary Schools in the Third Millennium, 2005*
