## New Payment structure for Tuition & Extended Care fees 2011-12

***Please note: Extended Care fees and Tuition fees will both be due on the 30<sup>th</sup> of each month. This payment structure is new this year.***

In order to provide a clear picture of the total fees due each month both *Extended Care* and *Tuition* will now be available on one statement through the SMART Tuition plan.

This new payment schedule will begin with the July 2011-2012 school year. Since extended care does not begin until August the first statement which will show extended care fees will be the September statement. Extended care fees will always be listed on SMART for the previous month. (i.e. August extended care fees will be on September, September extended care fees will be on October, etc.)

There will no longer be staggering due dates for Tuition fees or Extended Care. All fees are due by the 30<sup>th</sup> of each month.

This new fee structure should assist all of us in maintaining a more accurate and timely picture of financial obligations due each month.

Thank you for your cooperation and support.

Kathy Lucchesi
